

Layer/Tiered Cake Information

Choosing the cake for your special event can come with a lot of questions. We hope this information helps guide you in the right direction.

Icing: We use a Swiss Meringue buttercream made of real butter, sugar and high quality vanilla extract. It is lightly sweet and best enjoyed at room temperature. Cream cheese frosting is also an option.

Cake flavor: Vanilla, chocolate and red velvet. We also have Elvis cake (banana and chocolate chip) and a classic carrot cake.

Filling: All our fillings are made from scratch. Buttercream, citrus curd, jam, caramel, chocolate ganache and pastry cream. See our menu for some of our more popular combinations.

Tiered cake sizes:

2 tier cake serves up to 40

3 tier cake serves up to 100
